

Procedures For Requesting A Golf Cart In Women's Met Championships

The Women's Met will evaluate, on a case-by-case basis, any request to use a cart in Women's Met Championships due to a claimed disability. In order for the Women's Met to evaluate properly such requests, it is necessary to submit medical documentation setting forth the exact nature of the disability and how that disability prevents such player from walking during a stipulated round. In addition, players will have to submit information sufficient to enable the Women's Met to determine that providing a cart would not provide a player with an advantage over other players. Each person seeking to use a golf cart due to a disability under the ADA must complete and submit to the Women's Met the form entitled Information to be Supplied by Anyone Claiming a Disability Seeking to Use a Cart in A Women's Met Championship or Qualifying Round.

Please note that requests due to "temporary" injuries or impairments that do not qualify as a "disability" under the ADA will not be granted. A disability protected by the ADA is "a physical or mental impairment that substantially limits one or more of the major life activities of such individual." 42 U.S.C.S. § 12102 (2001).

In each instance where an applicant is submitting a request for a golf cart, **both the relevant Women's Met Championship entry application and the cart request form (including the required medical documentation as specified on the cart request form) must be submitted to the Women's Met by the player (not a caddie) together and in writing by no later than the date the Championship entry application is due.** Such information should be sent to the Women's Met to the attention of Nancy Early at 49 Knollwood Rd., Elmsford, NY 10523. The Women's Met will not evaluate requests submitted via telephone.

Applicants seeking to use a golf cart in more than one Women's Met Championship during a given Championship season must submit each such request individually in writing prior to the date the relevant Championship entry form is due. The Women's Met will evaluate the medical information previously submitted on the person's behalf during the same Championship year, provided it is current as of the relevant submission and was otherwise submitted in accordance with the procedures outlined above.
