Tiny Tales from the Tee

Of the many incredible events we hold for our young women and girls, my favorite is ***Girls To The Tee***. When I was new to the board and to the Foundation, it was suggested I volunteer at the event held at Westchester Country Club. My assignment was to help with registration and to be on the lookout for any girl who looked lost or uncertain. A few minutes after the girls were sent to their assigned stations, a young girl approached me. She was dressed all in pink with the appropriate ponytail hanging from the back of her hat. She asked me if I could help her find her lost glove. It was pink, of course, but she told me it would be easy to find because the glove had the initials “FJ.” With a straight face, I told her to return to her lesson and I would look for it. I was lucky and found it AND she was CORRECT!! It DID have the initials “FJ” on it!
