## *Tiny Tales from the Tee*

We were wait-listed to play at Winged Foot Golf Club when I got the call from my friend Karen that we “got in”. I was hosting relatives at my beach house at the time and did what any responsible host would do; I packed up, left the keys, and drove with Karen to Mamaroneck NY.

We laughed the entire ride about “winging it” and competing on a “wing and a prayer”, stopping only to have “wings” for lunch. Our adventure became an infectious game of puns.

On tournament day we walked this majestic course, enjoying the company of our pairings, loving every minute of it. I don’t remember where we placed in the tournament because it didn’t matter. We made lasting memories and had the time of our lives.
