## *Tiny Tales from the Tee*

I'm certain it was close to 32 degrees for one of our earlier spring matches at Silvermine Golf Course. We saw the forecast but we play on as you all know. Often I keep extra warm-up gloves in my bag and I had the cutest pair from Salve Regina that looked like a bumblebee. My competitor had chilled fingers and no gloves. Did I say they still had the tag on them? Anyway, I debated if I should "loan" them out as this was a match. Who am I kidding, I cut the tags and offered them up.

I know Suzanne was appreciative and we have had many years of celebrating that moment. I lost, however, it wasn't about winning or losing at that time. I miss those days!
