LOCAL RULES

Out of Bounds — Defined by the line between the course-side points of white stakes and fence posts at ground level.

Penalty Areas — When a penalty area is defined on only one side, it extends to infinity. When a penalty area is connected to the out-of-bounds edge, the penalty area extends to and coincides with out of bounds.

Ground Under Repair — Defined by white lines. French drains are ground under repair. For grass-covered trenching, see Temporary Power Lines and Cables.

Ground under repair may include areas of unusual damage, including areas where spectators or other traffic has combined with wet conditions to affect materially the ground surface, but only when so declared by an authorized member of the Committee. When immediately adjacent to an immovable obstruction, such an area is part of that obstruction.

Immovable Obstructions — Include plastic bumpers on roads and paths, and mats secured to the ground with spikes when the bumpers or mats cover cables.

White-Lined Areas Tying Into Artificially Surfaced Roads and Paths — White-lined areas of ground under repair and the artificially surfaced roads, paths or other identified obstructions that they are connected to are a single abnormal course condition when taking relief under Rule 16.1.

Wood Chips and Mulch — Are loose impediments.

Ball Deflected by Overhead Power Line — Local Rule as prescribed in Section 8 of the Committee Procedures is in effect. Model Local Rule E-11 is in effect and modified as follows: if it is known or virtually certain that a player's ball hit a power line in bounds, the stroke does not count. The player must play a ball without penalty from where the previous stroke was made (see Rule 14.6 for what to do).

Integral Objects — Include cables, rods, wires and wrappings when closely attached to trees, and artificial walls and pilings when located in penalty areas or in or adjacent to bunkers and bunkers liners. No free relief is available.

F-5 Sprinkler heads near green — Relief under Rule 16.1b. is available if an immovable obstruction (ex: sprinkler head) is: on the line of play, and both the ball and the obstruction are in part of the general area cut to fairway height or less. The

sprinkler head must be within two club lengths of the putting green and within two club lengths of the ball.

Bunker Liners — An exposed bunker liner may be treated as ground under repair, but interference does not exist if the liner interferes only with the player's stance.

Aeration Holes — Local Rule as prescribed in Section 8 of the Committee Procedures is in effect. Model Local Rule E-4.

Pace of Play — Players shall play without undue delay. See separate memorandum to players for pace of play policy, when applicable.

Stopping and Resuming Play — Local Rule as prescribed in Section 8 of the Committee Procedures is in effect. Model Local Rule J-1.

All practice areas are closed during an immediate suspension for a dangerous situation until the Committee has declared them open. Players who practice on closed practice areas will be asked to stop practicing; failure to stop practicing might result in disqualification.

An immediate suspension will be signaled by one prolonged air horn note, and players must immediately suspend play. All other types of suspension will be signaled by three consecutive air horn notes. Resumption of play will be signaled by two short air horn notes.

Practice — Prior to and after a round in stroke play, a player may practice on the designated practice areas. Rule 5.2b covering practice in stroke play is modified in this way: A player may not practice on the competition course before or between rounds. Penalty for breach of Local Rule, see Rule 5.

Decorative Flower Beds and Turf Nurseries — Are No Play Zones and treated as Ground Under Repair. Player must proceed under Rule 16.1.
